

NOTICE TO MEMBERS

MOTORISED GOLF CARTS

Members are reminded that there are rules applying to the use of motorised carts. These rules apply equally to hire carts and to privately owned carts or other motorised vehicles.

Of specific note are the following:

- Carts must not be driven within 10 metres of a green or tee bed, unless on a designated path
- Carts must not be driven on fairways during periods of heavy frost

Any member noting a breach of these rules is asked to please report the matter to the pro shop or myself directly.
