

Dear Members,

Firstly, may I extend the gratitude of the Board, for the manner in which all members have embraced the necessary changes to our competition golf, in order to continue our enjoyment of the golf course during this terrible COVID-19 situation. Please continue the great work.

As you are all aware, in order to maximise the available daylight, we are limited to 104 spots on the timesheet. Consequentially, it has not been as easy as usual to get a game, particularly on weekends.

This is a situation that we are unfamiliar with at Queanbeyan Golf Club, and is an unintended consequence of being restricted to 2 person groups, by the NSW Public Health Order.

Our pre COVID-19 “first in, best dressed approach”, has unfortunately been to some members detriment, and has reduced their opportunity to get a game on the weekend.

In order to more evenly and fairly distribute the timeslots in weekend competitions, the following REQUESTS are respectfully made of members;

- Please only book yourself and a maximum of one other member. This change will now be controlled by the system.
- Please only choose to book on either Saturday OR Sunday NOT BOTH.

NB: At 12.00pm on the Friday preceding the weekend in question, feel free to add yourself to any free timeslot on the day you originally missed out on. IE if there are available slots to enable you to play both days you can.

This is simply a courteous REQUEST of members, to be mindful of your fellow members. The Board is extremely confident that our members will self-manage this situation, in a mature, sensible and understanding manner.

The phrase “we are all in this together” has been very well worn over the past few months, however, the members of Queanbeyan Golf Club have graciously supported every recommendation and guideline that the Board has presented, to which we thank you.

For an on behalf of the Board of Directors

John Bull
Club President
